

American Network Solutions (ANS) Statement on Responsible Mineral Supply Chain

American Network Solutions (ANS) suppliers are committed to global social responsibility and implements ethical procurement to promote sustainable development of the supply chain.

ANS suppliers are committed to the responsible procurement of mineral raw materials used in our products, in accordance with “OECD Due Diligence Guidance on Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas” and “Chinese Due Diligence Guidelines for Responsible Mineral Supply Chains”. We require our suppliers to ensure that they are not intentionally or accidentally encouraging human rights abuses in those high-risk areas. Our Suppliers shall have a policy to reasonably prevent and reduce the risk that mineral in the products they manufacture, does not directly or indirectly finance or benefit groups that may contribute to or be perpetrators of serious human rights abuses, or serious environment, health and safety concerns, serious corruption in affected countries and areas. Suppliers are required to conduct source tracing and responsible mineral due diligence for mineral products used in their purchased products and share due diligence information with customers to ensure consistency with supply chain policy and guidance requirements and progressively improve supply chain transparency and supply chain governance capabilities.
